Roadmap to ePortfolio implementation planning

1 Are You Ready? (Essential Conditions & Technology Skills)
→ Lesson 1

2 What are your incentives? What are the benefits of ePortfolios in schools?
→ Lesson 2

3 What is your vision for implementing ePortfolios in schools?
→ Lesson 2

4 Who are the stakeholders? How will you communicate with them?
→ Lesson 3

5 5.1. How will you capture the learning, develop digital artifacts, and where will you store them?
→ Lesson 3

Development and storage of digital artifacts as evidence of learning - **organized in folders/collections**
→ Level 1 Portfolio: Collection/Digital Archive

5 5.2. How will your students set goals, reflect on their learning and create a reflective journal as part of a personal learning record or working portfolio?
→ Lesson 4

Learning portfolios, reflective journals (blogs) (the "heart and soul" of the portfolio process) - **organized chronologically**
→ Level 2 Portfolio: Reflective Journal/Blog

5 5.3. How your students create a showcase portfolio, reflecting on growth over time and setting new learning goals?
→ Lesson 5

The public face of the portfolio, created for different purposes and/or audiences - **organized thematically**
→ Level 3 Portfolio: Showcase/Assessment Portfolio

6 What is your professional development plan for helping teachers facilitate the portfolio development process?
→ Lesson 4

7 What resources & assistance do you need? What are your challenges & barriers? What tools are you going to use?
→ Lesson 5

8 8.1. How will you use these portfolios for formative and summative assessment?
→ Lesson 6

8 8.2. How will you evaluate your progress? What are your expectations, targets, timeline?
→ Lesson 6
